

Thank You 13 June, 2021

Dear Ones,

There is good news! The Covid numbers in India have steadily gone down and the vaccine drive and awareness of covid protocol have increased. The North of India has started to unlock slowly though the South remains to be under lockdown for another week.

Ananda Sangha has continued to be a beacon of light and hope. We continue regular healing prayers, counseling, programs and Astral Ascension ceremonies.

Your generosity has allowed us to offer help to many in need and the donations have gone toward:

- financial assistance for individuals who had lost their regular jobs;
- medical aid to devotees affected by Covid;
- ongoing distribution of food for the underprivileged from slums of Mumbai and tribal villages near Mumbai who completely lost their source of income.

~Swami Kriyananda

Testimonial from someone who requested an Astral Ascension Ceremony:

Please accept my heart-felt gratitude for conducting a beautiful Astral Ascent Ceremony.

My uncles' souls must have felt the love, respect and prayers sent to them. I could practically feel them looking up and stepping up into the light.

Thank you for standing by us in these difficult times.

I get overwhelmed with grief and breakdown at times. The spiritual community keeps calling for various talks, healing prayers and classes.

I try to attend as much as possible. The community is my immunity to sadness and illness.

Thank you again – each and every one of Ananda spiritual family - who made it possible for me to pay homage and feel peace and joy.

~Swapna - Kolkata

From someone who received Healing Prayers:

Divine mother's love is pouring. I can feel prayers reaching and doing wonders, and am ever grateful to Ananda spiritual family for taking care during this time.
